Reflections of Fifteen Years Passed

Fifteen years ago today, it all began,
The life, the joy, the sorrow . . .
Yes, in each of these we lent a hand.
And in fifteen years, we changed a bit,
Each living with hearts that dreamed . . .
And hands that spoke.
But when each minute had passed,
And we realized now was really half a moment
ago . . .
We marveled at the knowledge amassed.
Now the future looms before us,
For fifteen years have come and gone . . .
Leaving each of us, with the strength of the
aged oak.

Sept. 1968 . . . South Mountain High opened its doors again for the 15th year. Another year began, starting off with Homecoming, Levi sweatshirt day, Rodeo and ending with the final dance for annual signing. This year, as for the last fifteen years, old and new faces were seen on campus. Clubs started organizing and things started happening. Football season opened and the Rebel spirit was high. Cheerleaders and Pom Pon girls helped in raising spirit by having pep rallies and assemblies and keeping everybody's spirits going to the very end. Dances were sponsored by different clubs for people who wanted to attend.

This year was one of the best. But all good things must come to an end. And this is the end of the 1968-69 school year.

Homecoming is always a special occasion and is the biggest event of the year. But to the seniors of 1969 and those who worked long hours on the floats and those who participated in the Homecoming, it was the most special event of all. Homecoming is the time to welcome alumni, old grads and friends. It's one of the saddest yet happiest and most memorable moments of all.

The theme chosen this year was the "Four Seasons" and classes drew a season around which to build a float. Freshmen chose Summer, Sophomore, Spring; Junior, Winter; and the winning float "Autumn" was chosen by the Senior Class.

Royalty was chosen. Mike Chitwood was King, Kathy Domke was Queen, Rochelle Strickland Senior Attendant, Ernestine McCorvy Junior Attendant, Christy Moore Sophomore Attendant, and the Freshman Attendant was Sharon Domke.

This was South's 15th annual Homecoming. We took a lead over North High with a 27-7 victory.

Crowned Royalty proudly walk arm-in-arm between the rows of R.O.T.C. Cadets. They were field ending the 1968-'69 Homecoming and the week of excitement and anticipation.

Given a gun salute before they mounted the floats to parade around the

Kathy Domke, Captain of the Cheerleading squad, gave the loudest yell of her life when she was announced Homecoming Queen.

Activities Help Spark

This year the Pom-Pon girls added a lot of spirit to assemblies and other sports activities.

The cheerleaders also add a lot to the school spirit. Head cheerleader, Kathy Domke, helps lead the fight song at an assembly to help lead our teams on to victory.

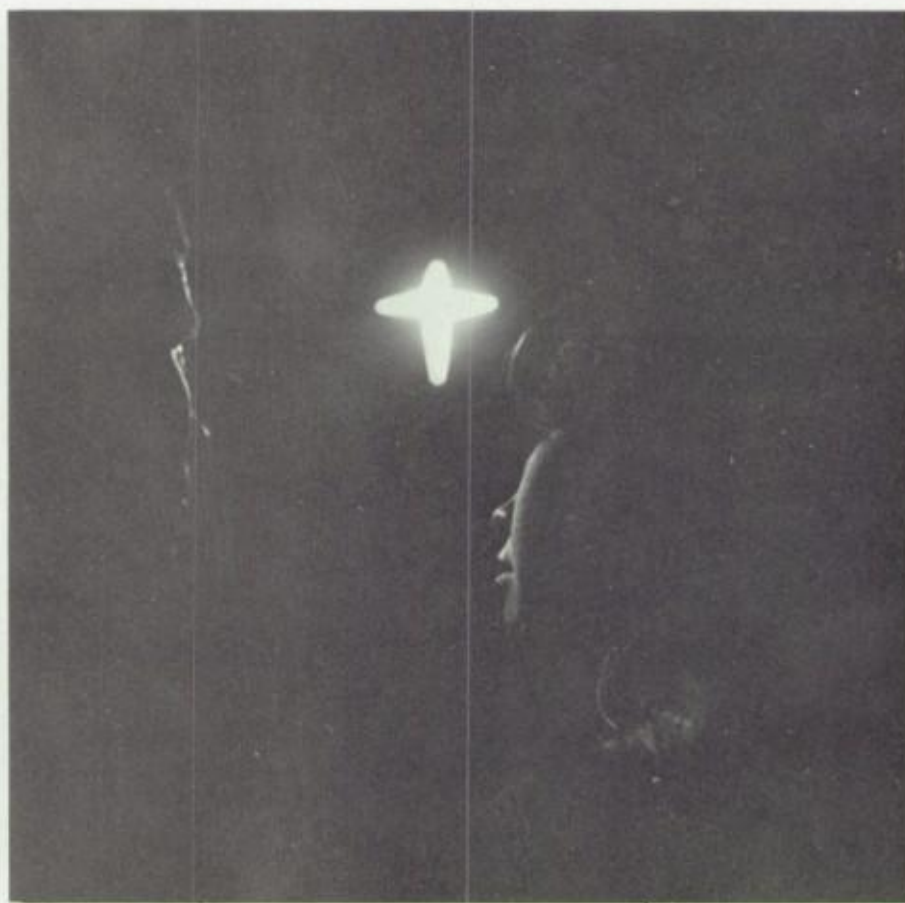

Twirler, Debbie Erb, performs at one of the many assemblies. Debbie was chosen as Arizona State Champion twirler.

School Year of 68-69

The Rebs tried hard this year for the Spar-Reb trophy, but the Spartans took another victory.

"Wish upon a star" was the theme of this year's Christmas formal.

This year at S.M.H.S. was a very active one. Starting with football, the Rebs went on for a winning season, all the way into the play-offs. With the help of the Cheerleaders, Poms, teachers, band and the whole student body, the Rebels showed outstanding determination and will to win.

Then came the Christmas formal, which was a memorable night for many people. Other dances were sponsored in which almost all participated. These and many other activities were what made 1968-69 school year a very successful one.

Rebels enjoy one of the many dances of the year.

This year Masque and Gavel produced the play "Blithe Spirit," under the direction of Mrs. Nadine Shimer. This is a comedy dealing with the problems a man and his wife have with the haunting spirit of his first wife. The husband (played by Paul Yoder) is writing a book about witchcraft, so he asks a medium to conjure up a spirit. As fate would have it, the spirit turns out to be his first wife (played by Tot Marshall) who doesn't like his marriage to his present wife (played by Donna Tucker). The plot thickens as the spirit wife plots to kill her former husband but kills his wife instead.

Blithe Spirit Presented To South By Masque and Gavel

Paul Yoder, as Charles Condomine, is having trouble with his two wives, Marie Chavez, Elvira, dead these five years, and Donna Tucker, very much alive.

These two ladies, Jeanne Adams and Donna Tucker, look as though they've just seen a ghost and they probably have.

"A Night Before Christmas"

"A Night Before Christmas" was the theme of this year's fashion show. The stage and aisles were decorated with colored ribbons and paper, and the music set the mood. The fashion show is an annual event sponsored by Girls League. Models are chosen for their poise and personality. Girls of the Month are named "honorary" models.

The girls wore fashionable styles from Penney's of Tower Plaza and left the audience knowing the newest styles and colors of the year.

This little boy enjoyed the fashion show while patiently awaiting the arrival of Santa Claus.

Honorary model, Diana Singh, models one of the many fashions of this year's fashion show.

mas Formal

This year's Christmas formal theme was "Wish Upon A Star," when many girls got their wish at the annual girl-boy affair. The special evening arrived; the couples at the Silver Bells, Christmas formal, danced and dined until the enchanted hour. Music was provided by the "Varsity Men." Pictures were taken of beautifully dressed couples, boys wore tux and girls formals with beautiful flower corsages. This was probably one of the most memorable times of their lives.

Second Term Presentation Is Drama,

"Raisin in the Sun," a play about human desires and hopes for the future was the production of Masque and Gavel for the second semester.

Starring in this were: Wade Marshall, Linda Howell, Mary Mays, Yvonne King, and Melvin Thomas.

Directing was Mrs. Nadine Shimer.

'Raisin In The Sun' . . .

"But son don't you understand" says Linda Howell to her son who wants to spend her check.

"The only way to get rid of these roaches mama, is to burn this house," says Yvonne King.

"But the house I bought with the check is for everyone," says mama to her son portrayed by Wade Marshall.

"Your father wanted you to become a doctor and with the money I have you will," insists mama.

Mary Mays has a hard time settling her family problems, so mama consoles her.

Rebel Spirit High on Rodeo Day

Rebel spirit was high on Rodeo Day. Girls wore outfits ranging from tenni's and levi's, to fancy outfits for those running for queen. Boys League sponsored a rodeo assembly where finalists for Rodeo queen and the beard growing contest were announced. Skits were planned and acted out by members of the club. To end the excitement for the day, G.A.A. held their annual barn dance where the Queen and attendants and beard grower winners were announced.

Judge Winston Tom sentences a poor dude to the john for four minutes because he had no western wear on.

The bucking barrel was one of the favorites during the festivities.

The ten finalists for rodeo queen were: Debbie Watanabe, Joann Burrell, Debbie Ricks, Karen Spotts.

The Grimey Gulch Saloon Can Can Girls were the toast of the show. They consisted of senior and junior boys who had trained for several days. Dancing for the record crowd is (L to R) Precious Preciado, Chunky Chitwood and Ravishing Reed.

Mary Espinoza, Diane Knapple, Diane Larkey, Esther Urias, Rochelle Strickland, Leona Roberts,

"OH you little cutie" says Sam Bartlette as Russ Woodmansey makes a passionate play for him.

The end of the assembly but perhaps the beginning of a new love as Sam Bartlette watches Corine Bridges perform her part in the rodeo assembly skit.

Dancing up a storm in his western wear is Karl Woosley and his partner Donna Bounds.

Rodeo Royalty (L to R) second attendant, Diane Larky, queen, Karen Spotts, first attendant, Debbie Watanabe.

Sing Out Phoenix Performs Here

Members of the youth group, "Up With People", have a Phoenix Chapter, called "Sing Out, Phoenix." This aggregation presented a concert Feb. 21, during second hour.

Such rousing numbers as "Ride With Paul Revere," and "Ashes" were great!

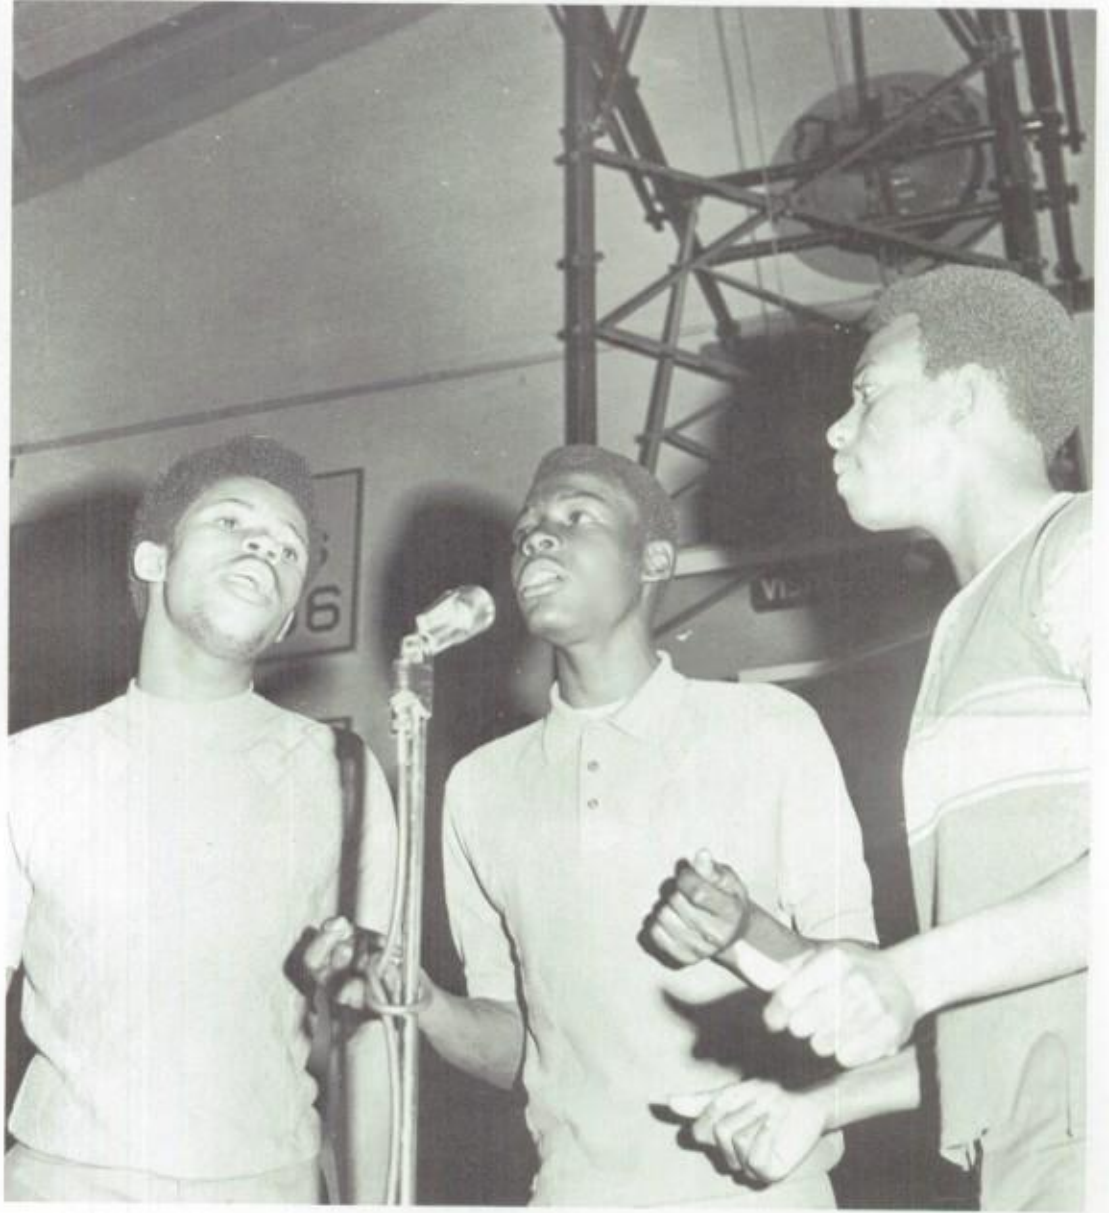

South Mountain Students

Members of the Junior Class presented a talent show February 26.

Led by Class President Perry Ealim, gifted students sang, danced, and modeled in an Afro-fashion show.

Sponsors of the group were Richard Brown and Douglas McGrath.

In addition to having a record crowd, the juniors realized financial success, enabling them to produce a fine prom.

Many of the students copied the style of some of the hottest soul groups around.

Some of the members of the groups danced the latest steps while the others sang the latest soul hits.

Show Lots Of Talent

Doing her own thing, Paulette Williams sings a solo for the show.

One of the more talented entries in the show was Ernestine McCorvy.

"The Supremes" no, the Velvetts of South Mountain, (L to R) Joyce Braggs, Wendy Tremble, Velvete Washington.

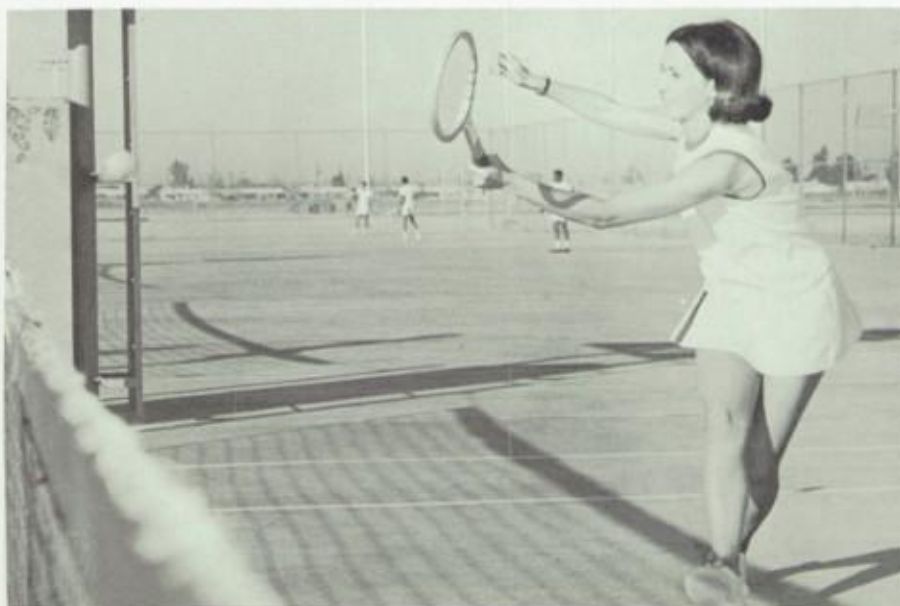

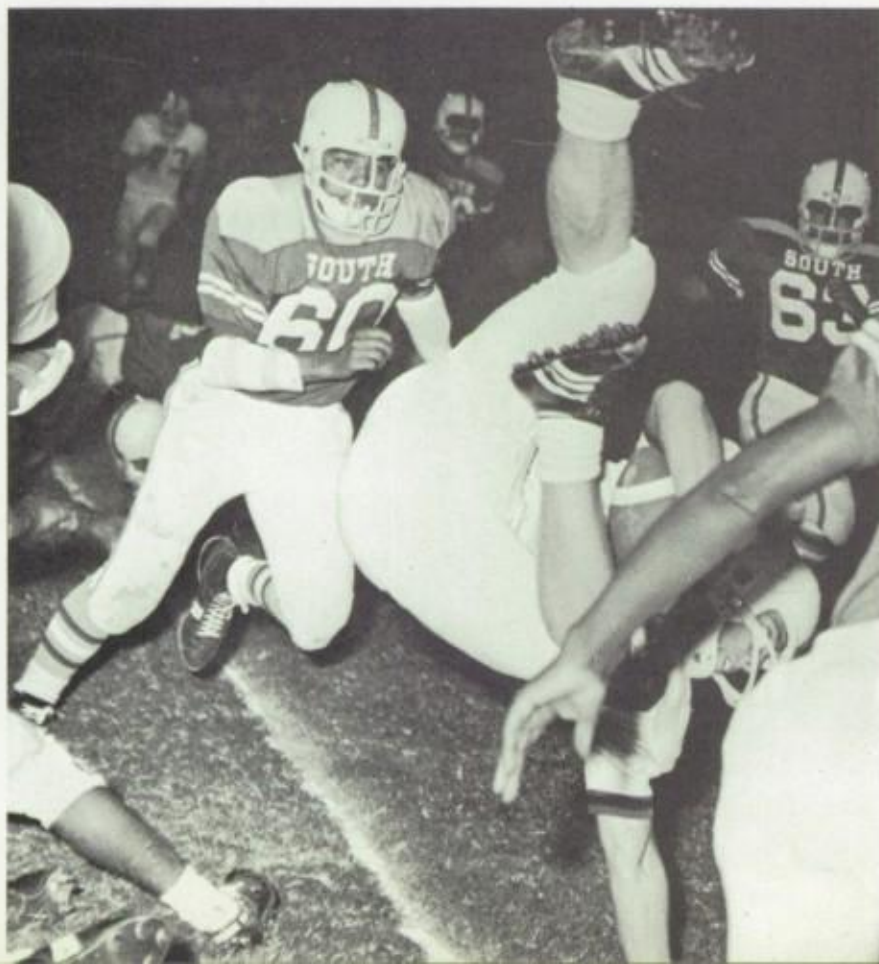

After fifteen years of South Mountain history . . .
Cross Country went to the state meet after capturing the divisional title.

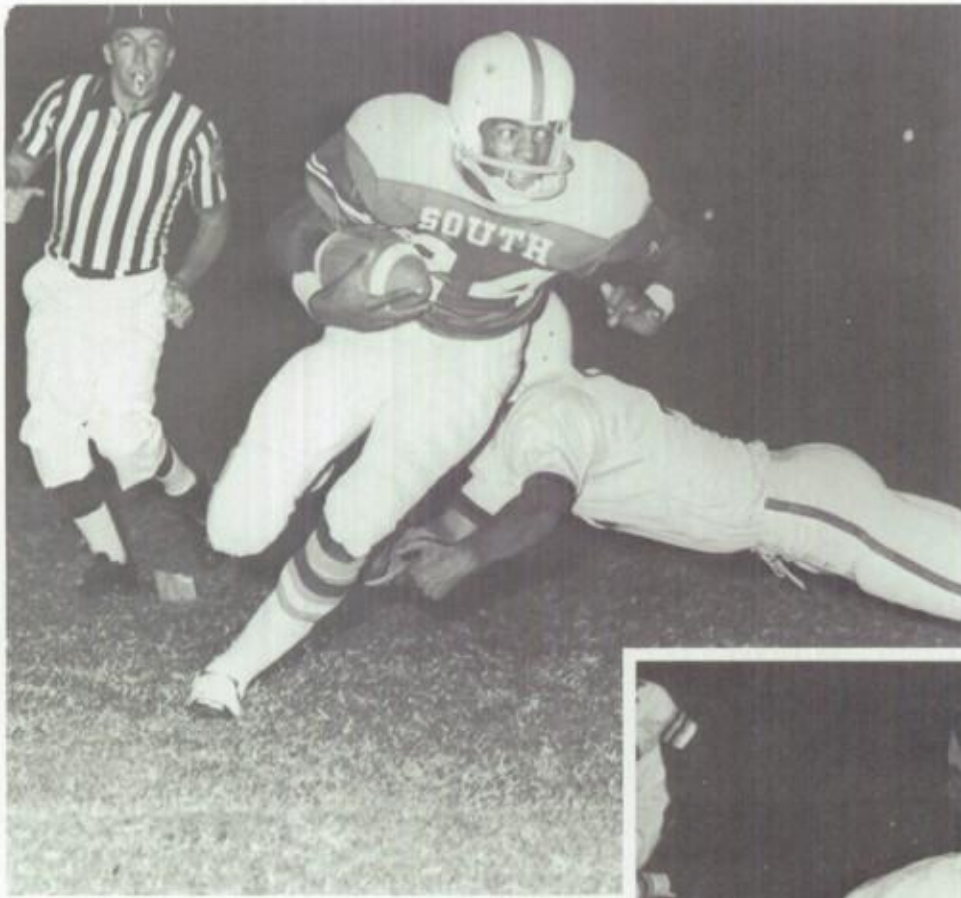

Football finished with a winning season of eight wins and two losses.

Baseball began the season by trouncing Tempe, their season opener.

Girls' tennis showed an impressive record of four wins and two losses with seven matches to go.

For Best Season

South Mountain was blessed with a winning varsity football team which at press time were 6-0 (won-lost record) and were rated among the top ten schools in Arizona.

This year the Rebel offense was at its best with veteran quarterbacks Mike Chitwood and Don Hurst leading the way. The backfield was the speediest South Mountain has had in a long while. Backs Troy Jordon, Robert Johnson, Herbert Jones, Larry Hankins, and Barton Warren were the big guns for South.

End James Reed was a big factor in South's success as he caught many aerals from Hurst and alternating quarterback Mike Chitwood.

However, the offense could not have been of any value if the Rebs hadn't had the consistent defense that was displayed throughout the season. Pat Phillips, Pat Hurley, Bob Millan, Tim Kelson, Eddie Garcia, and Tom Friddle smothered many an opposing team's rushing game. It is hard to say enough about the coaching staff. Head coach Earl Clupper's constant determination proved to be a great inspiration to the players. Defensive coach Dick McKivergan did a fantastic job with the defense as the Rebels won-lost record speaks for itself.

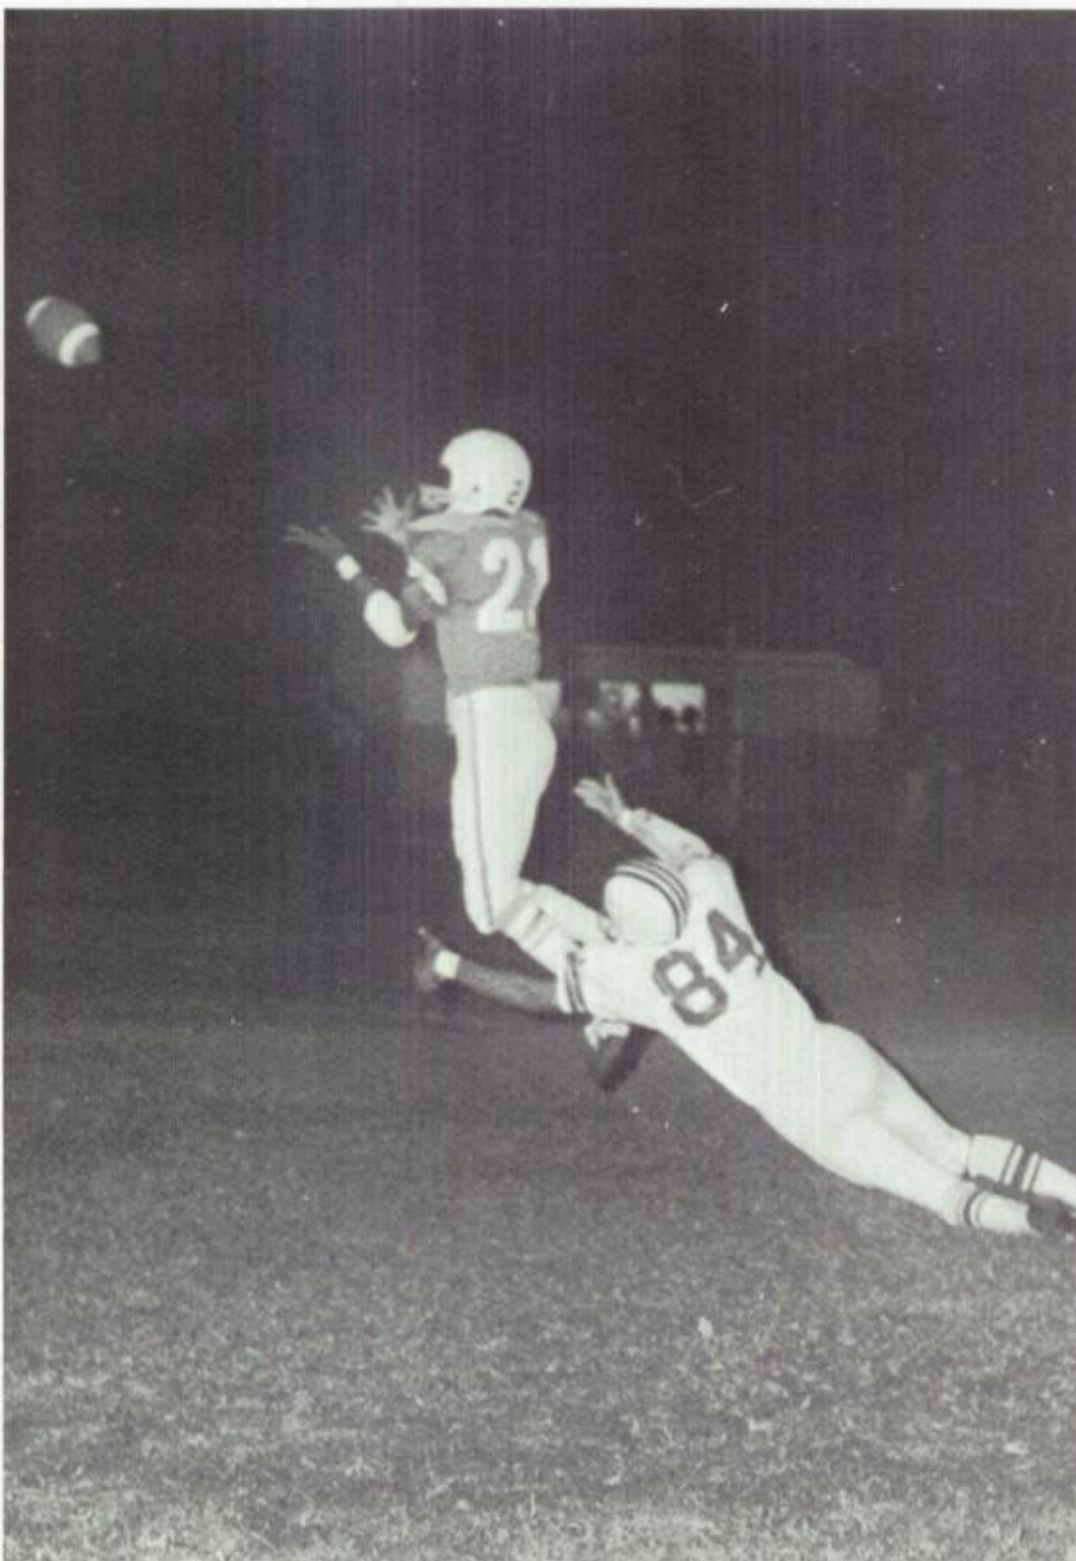

Larry Hankins sits atop a dazzled defender, while Robert Johnson carries for a substantial gain and another Rebel victory.

Troy Jordon, one of South's three deep, is shown here intercepting a pass. This is only one of the many passes intercepted by South's tremendous defense.

Cross Country Sweeps Division

"This was just a building year," were the words of Cross Country coach Joe Ehlers last year, "we are looking forward to a state team next year. When the official practice began in the fall, coach Ehlers called his team together to set the goals of the season and to determine how they would be accomplished. The goals were high for all the boys and they each worked hard. The first goal was to defeat Flagstaff by a perfect score, this was done and the beginning of a phenomenal season had started. With eight straight victories, three being perfect scores, the team faced Phoenix Union. In all of South Mountain's existence we had never defeated Union in Cross Country, this was the year a change was to come. Larry Copeland sped his way to a new course record of 9:39.3 which shattered Tim Tejada's old record of 9:54.9 on the two mile desert course. To coach Ehlers and the rest of the team it was a job well done. The team went on undefeated and off to the divisional meet which they swept. The roar of the assembly was still in the air as the boys lined up for the qualifying match for the state meet. Tension mounted as the boys raced across the finish line and the scores were tallied to see who would make the state meet. A dream and a goal came true as the official announced South Mountain. Papago park was full of excitement as the ten teams lined up to begin the two and a half mile course. South Mountain made an impressive showing coming in fourth with 125 points, 60 points being the first place score.

Tim Tejada strides across the finish line leading South Mountain to stomp Central 15 to 50, a perfect score.

Going for the pin, John McEwen struggles to over-turn his opponent.

South Mountain's varsity wrestling team starts practice immediately after the last football play has been executed. They begin each practice with a series of stretches and general warming up exercises. Head coach Dick McKivergan then instructs each of his wrestlers in the various escapes, reverses, takedowns and the most important the pinning combinations. Practice is long and very exhausting as any wrestler will tell you. The team begins its routine immediately after school and lasting about two hours. After several weeks of hard practice coach McKivergan's dedicated coaching paid off very handsomely for several of his returning lettermen. In the feather-weight division Lamont Landrum finished his season with an impressive record of 12 wins and 2 losses. Weighing in at 138 lbs. Melvin Burt racked up the best record with 12 wins and 1 loss, three of these wins being the result of pins. Richard Preciado who wrestled at 154 lbs. had a season record of 11 wins, 1 loss and 1 tie. The team jelled early in the season coming in second in their first match which went four ways. The team continued to perform well ending the year with 5 wins and 6 losses.

Trackmen Topple Opponents

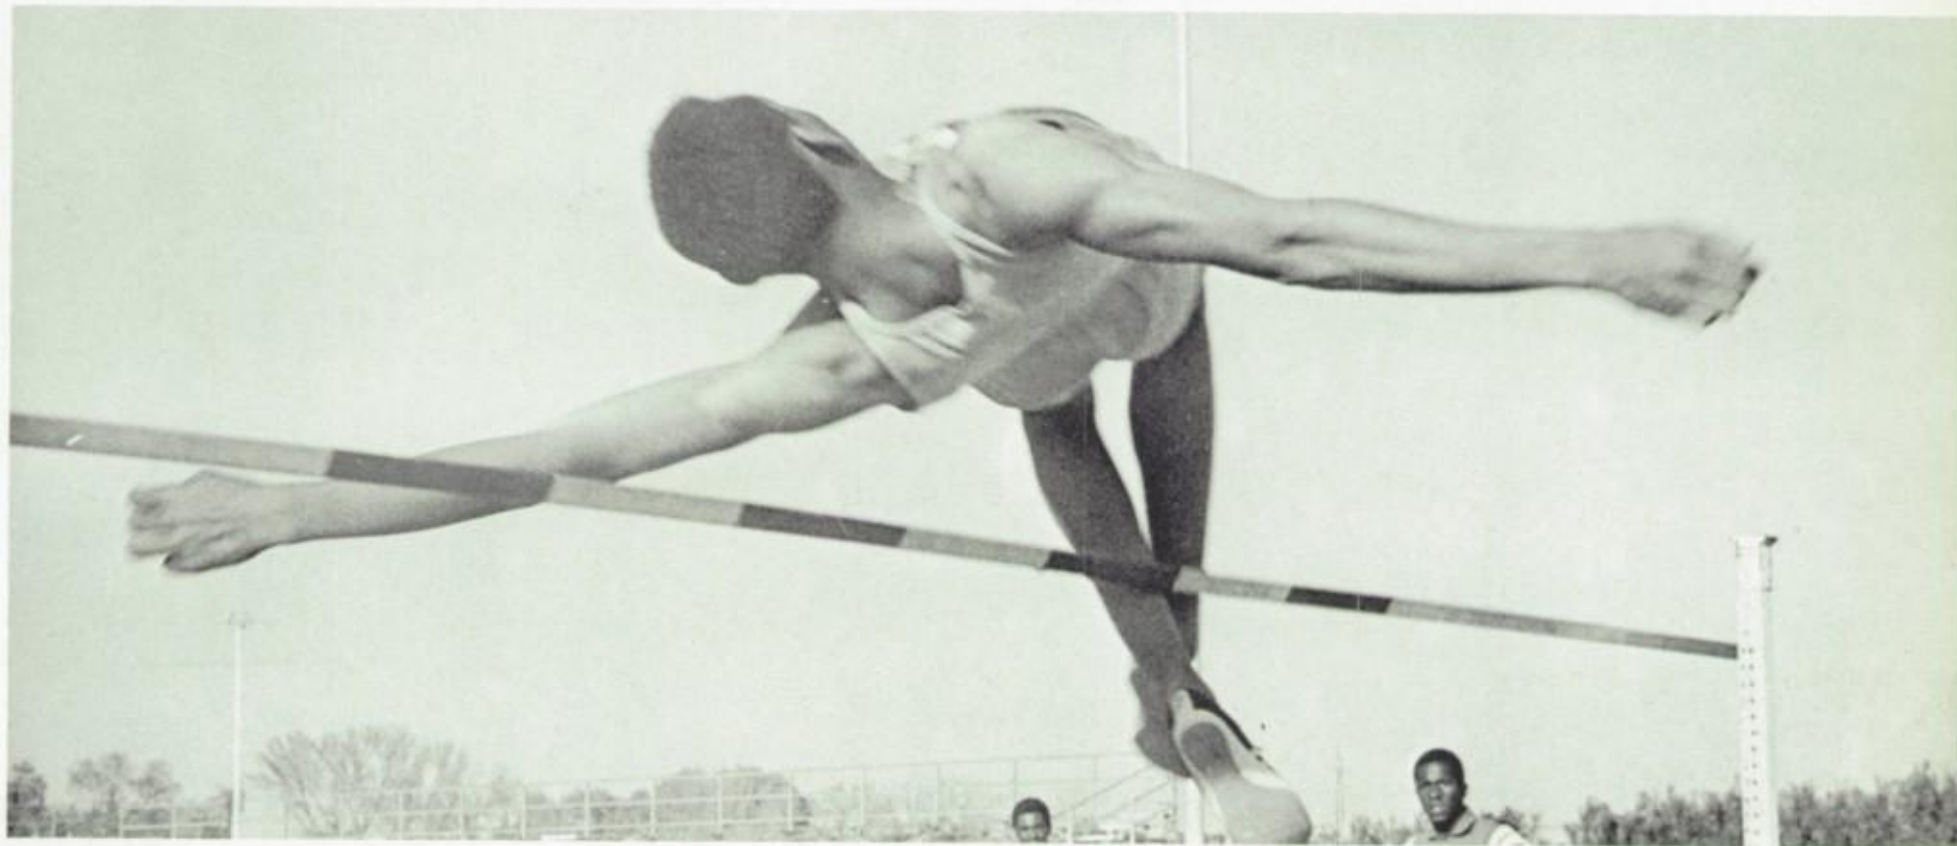

This year's track team under the leadership of Coach Robert Shuster has high hopes of capturing the state championship for South Mountain. As track champions in 1956, 1957 and 1967, this year's team has all the qualifications of a winning team.

Bottom row L to R: Henry Carrasco, Allen Gauff, Mike Banks, Bill Newton, David Cruickshank, Second row L to R: Ricky Reed, Jesse Graves, Mike Bynum, Troy Jordan, Keuslo Russell, Eddie Qualls, Third row L to R: A. V. Baily, Eddie James, John McEwen, Linard Furch, Frank Ivery, Charles Montgomery, Mike Johnson, John Hordge, Coach Robert Schuster.

Varsity Season Starts With Four Wins

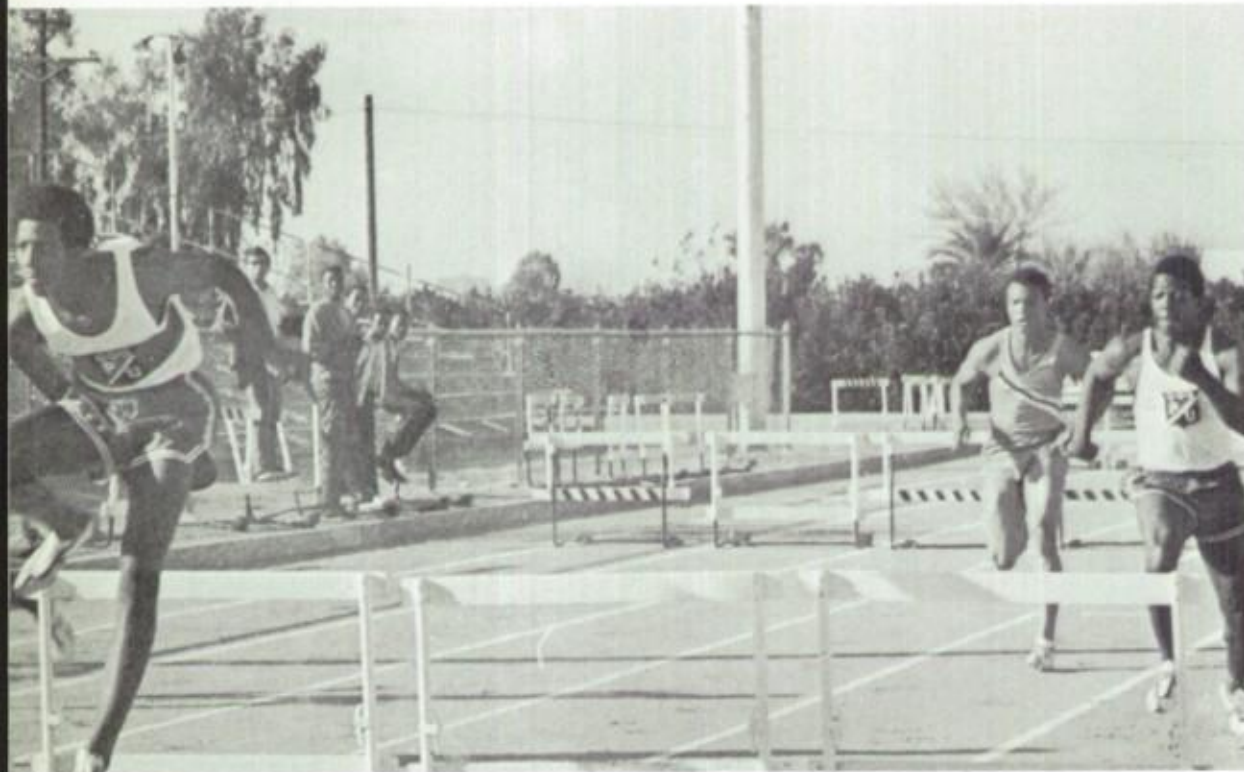

With many returning lettermen from the capable 1968 team, the Rebel tracksters seem to be strongest in the 100 yard dash, 2 mile run, 880 relay, mile relay, and pole vault. So far the track team is undefeated in dual meets with impressive victories over Maryvale, Central and Phoenix Union. With a little hard work, determination, and support from the student body the 1969 Rebel track team should prevail over its adversaries.

Throwing the discus requires timing, strength, and a stable emotional existence. Larry Hankins, shown here, displays all of these qualities.

Homecoming Ballot

The honors we achieve are the honors which should be remembered with pride, and we must remember that our education in leadership is a forerunner to the responsibility of our future. It is also the key to understanding the importance of caring, for in caring we give the most of ourselves and achieve superior standing to the best of our ability.

We will honor those who excel and follow those who lead in the future as well as the 15 years past.

Honors

Miss Southerner

Seventeen-year-old Diane Pitchford has been chosen by this year's staff as MISS SOUTHERNER. A two-year veteran of yearbook, Diane was clubs and organizations co-editor last year and this year heads the activities section.

Having not yet decided on a career, Diane, nevertheless, plans to attend Phoenix College upon graduation from South High. She lists as her goal some occupation in which she can meet people and deal with the public. Diane's favorites include her Human Relations Class, Mrs. Esther Minton (its instructor), cruising Central, and leading South's cheers.

The staff lists her as one of ITS favorites.

A. I. P. A. Summer Workshop

The Arizona Interscholastic Press Association has been sponsoring summer workshops for the past ten years.

The workshops are held at Northern Arizona University in Flagstaff. While there, the students attend various classes that pertain to yearbook construction. The students also had an opportunity to meet people from various schools all over the state. The expenses included a trip to the Grand Canyon, and Slide Rock in Oak Creek Canyon.

Jeanie Dana, Laura Hernandez, Bob Sullivan, Diane Pitchford

Man has always felt a need for companionship, to work with other people. The students are no different. For 15 years they have felt these needs, and many of them have answered these needs. One way they accomplished this was through the many campus clubs and organizations.

There are 38 organizations on campus, varied to allow each student to join the club of his choice. These clubs range from the Archery club to the Young Engineers in Science with new clubs being organized every year.

Organizations

Being a photographer is more than taking pictures as Bill Winkler files his pictures.

Southerner Staff of '69

The Southerner Staff this year is made up of mostly veterans from past years. They have gone through the rat race of meeting deadlines, writing copy and laying out the year-book before. These veterans in turn, indoctrinate those few new people.

An annual is supposed to record the events of the school year and we feel that this staff has succeeded in this task better than any Southerner Staff before.

We, the students of South Mountain High School, have fitted together in an artistic design fifteen years of school life. Like tiny, odd-shaped pieces very carefully placed, these years form a pattern.

Some activities are most thrilling and help brighten our years. Assignments challenge us. Variety of experience and passing of time help to make a perfect 15 years . . . yours and mine.

Tony Macias, reads of great men, as he anticipates his future.

Seniors Plan . . . Dream . . . Hope . . .

Days have a way of becoming years. The freshmen of today quickly become Seniors in the never ending flow of days filled with the routine of learning, the thrill of athletics, and the fun with friends. Learning is a tiring process . . . we will memorize and forget, and learn it all over again until it becomes a part of us. This is the undisciplined science of education. Notes . . . lectures . . . bells . . . assemblies . . . discussions . . . lunch time and more notes . . . routine of the school day ends at 3:05. Students pour off campus. Afternoons bring hours at the library . . . time with friends . . . relaxing . . . studying but laughter and a release from cares too. Each individual needs an identity, alone he is a mere shadow. Class membership becomes a vital part of the student's life . . . Boosting spirit . . . Making posters . . . organizing . . . competing . . . belonging.

Having reached the status, "upperclassmen," Juniors this year found themselves involved in many activities. Under the sponsorship of Richard Brown, Douglas McGrath, Mrs. Suzanne O'Brien, Mrs. Sara Keller, and Charles Moten the class had many accomplishments.

Among their achievements were: the Junior-Senior Prom, the second place Homecoming float, and the highly successful sports dance.

Senior Pat Phillips discusses the problems Junior Debbie Watanabe may face next year as a senior.

Somewhere in South Mountain High School there were 705 Sophomores. They were not lost, nor were they wandering aimlessly around the campus. They had already experienced one year of high school, one year of tests and headaches. They had not experienced the responsibilities of the upperclassmen. This year was special for them, they had grown and matured as South had grown and matured.

This was the class of '71. They have worked hard to succeed and it appears that they have reached their goal.

Tests Start Frosh Year

Freshmen take thorough test at beginning of year.

Freshmen learned many new rules and traditions, took many tests, learned their way about campus and made many new friends during the year. There was the first pep assembly, the first formal dance, many interesting clubs and the first taste of painless punishment—"Demerits."

Even in Home Ec there were tests.

Freshmen enjoyed their first Silver Bells.

Fifteen years ago, South High's faculty numbered thirty-four, not counting the Maintenance and Cafeteria staffs. The largest department was the English department, which consisted of four teachers.

Today South has approximately 150 teachers on the teaching staff. Academic subjects are highly stressed. But even these subjects have changed.

Instead of just teaching "reading, 'riting, and 'rithmetic," the teachers teach other subjects, such as human relations and cultural histories, so students can learn to understand the world they live in, and the people that make up that world.

Fifteen years have made a difference. A big difference for South High.

Academics

Board Of Education

The Board of Education has full authority in the operation of the Phoenix Union High School system and the Phoenix College district, but must, through election, obtain permission from the taxpayers to build schools.

It is the goal of the Board to see that proper curricula is provided for all students in the two districts and that teachers have appropriate working conditions.

Members of the Board are elected on a staggered basis (one each year for a five year term).

Of the five members on the board in 1954, only Dr. Trevor Browne is on the Board today.

Mr. Forrest Darsey, principal, has been at South for fifteen years. During that time, he has risen from head registrar to principal.

Mr. David Goodson has been associate principal since 1964.

Administration

In every community there are rules and policies which must be obeyed. And to make sure that these rules are obeyed, there must be someone to enforce them. The same thing applies to the school community. There are many rules and policies made to keep the community running smoothly, and there are also certain people—five administrators—to enforce and interpret these rules.

But these administrators do not exist as just law enforcers. They spend a great deal of their time helping students become acquainted with school policies, and helping them become adjusted to school life.

Mr. Carl H. Rambo became Dean of Boys in 1967.

Mr. Keith Nixon was a counselor before he became a full-time administrator in '68.

Administrative assistant and Dean of Girls, Mrs. Helen Smith has been at South High since 1966.

Counselors spend much time with students advising them on which classes to take.

Counseling

Suppose you were a student at South High fifteen years ago, and just suppose you were having troubles in one of your classes? who would you go see about getting out of that class? Probably the head registrar, because at that time there was no Counseling Office!

But today students can go to one of the Counselors and get help with any problem, whether it's school-related or personal.

Students spend many long hours studying for foreign language exams.

One basic reason for education is to prepare students for living in the "adult" world.

But what makes up this world? What is one of the most important elements of life? People! And to understand life you must first understand people.

In the foreign language classes, the students just don't learn a language. They learn about the history and the lives of the people who speak these languages. For once the students learn this, one-third of knowing people is over. The Summer Foreign Studies program takes care of the other two-thirds by providing students a chance to meet people of other countries.

Fifteen years ago there were two people in the department. Mr. Karl Kuntz taught Latin and algebra, and Mr. Harry White, who got his M.A. at Universidad Nacional de Mexico, taught Spanish.

Today Spanish, French, and Latin are taught.

One of the oldest and largest departments on campus is the English department. But like fine wine, this department improves with age.

Fifteen years ago there were only four English teachers on campus. They were Mr. Charles Shorr, Miss Patricia Harris, Mr. Donald Hoover, and Miss Lucille Hicks. Mr. Shorr and Mr. Hoover are the only teachers who are still here.

Reading, which is a fairly recent addition to the curriculum, is headed by Mr. Ray Dimond, who has also been here for fifteen years. All freshmen are required to take reading, and there is a special college reading course which helps the students develop speed and comprehension in reading.

"Now is the time for all good men to come to the aid of their country", is one of the most popular phrases used in the typing classes.

The business department has grown so much in fifteen years it's almost remarkable. In '54 there were only two teachers, Mr. Dean Curtis and Miss Dorothy Romans. Today there are nine teachers in the department, and the classes include note-hand,, shorthand, business machines, and a new class called College Bound Typing, especially designed for students who have never had typing before.

Business students work with very modern equipment, and there is even a special number students can call after 5 p.m. so they can practice dictation.

With such a competent staff and very modern equipment, Business students graduate with the feeling of "knowing it all."

The eighteenth century marked the Era of Reasoning which brought forth science as we know it today. Many of the science students study these same principles developed in this era.

Science has taken great strides in the past fifteen years. Atomic energy is now being harnessed for more peaceful uses. And man's age-old dream to reach the stars has almost been realized.

Like science, our science department has made tremendous strides in the past fifteen years. At first there was only one science teacher, Mr. Glenn A. Gentry. But today, the science staff has grown to include ten teachers, with a large laboratory and five science workrooms.

First year chemistry students, experimenting amidst pipes and rubber tubing, prepare to collect and generate oxygen.

In this complex, jet-propelled, smog-inhaling civilization, man is in constant need of mathematics. Scientists, salespeople, and housewives use mathematics every day. Mathematics is, more or less, a written language used daily by millions to relate ideas to others.

Even primitive man used simple arithmetic to keep count of his personal property. Since then, mathematics has grown to include such branches as geometry, algebra, trigonometry, and calculus.

From that first simple equation in arithmetic, $1+1=2$, the student gradually steps into the world of mathematics, and more complicated equations such as: $f'(X) = \lim_{\Delta X \rightarrow 0} \frac{f(X + \Delta X) - f(X)}{\Delta X}$

Math classes here at South cover a great many facets of the science. From General math to introductory calculus students prepare themselves to cope with both the physical and abstract worlds.

Art and Music

"A South Mountain High School Graduate should have a feeling for the beautiful and the good that will give meaning to his life."

This is one of the eight goals stated in South High's philosophy of education. The Art and Music departments help the student reach that goal. by actually experiencing music and art, the student actually learns to appreciate the things which make them beautiful and good.

15 Years Of Service . . .

South Says Goodbye to Mr. Darsey

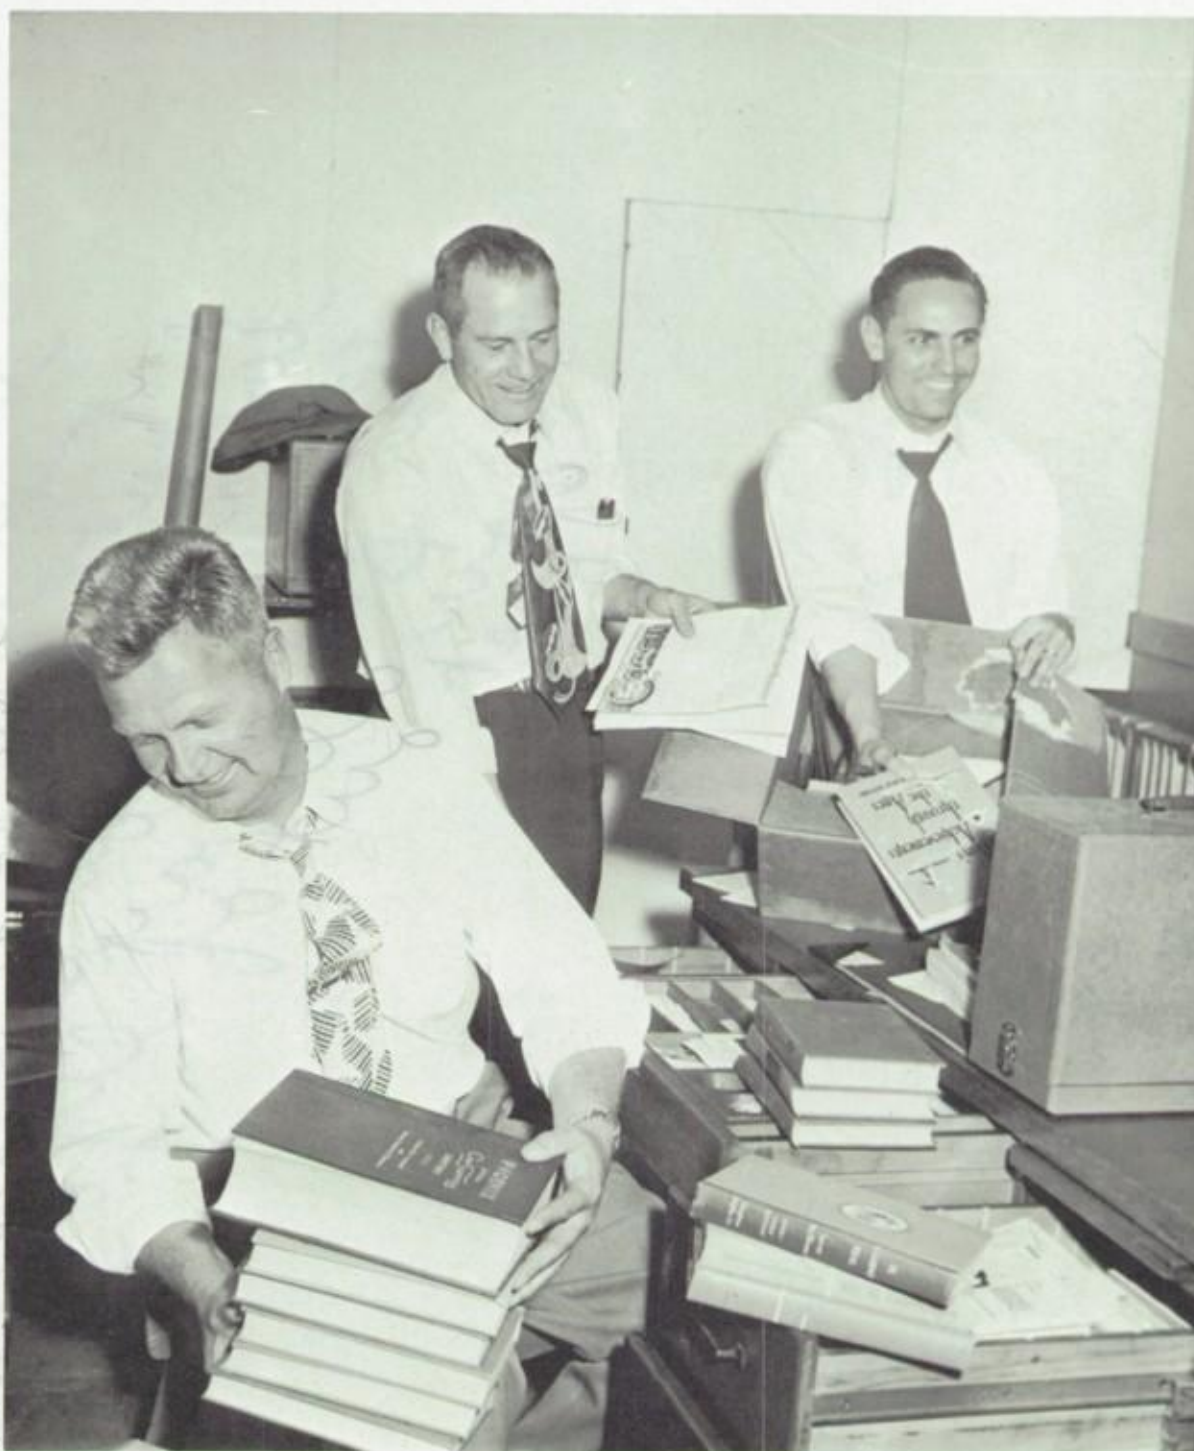

When the doors of South Mountain High first opened, when the first bells rang signifying the start of a new school, Mr. Forrest Darsey stood prepared to greet and welcome students to South High. That was fifteen years ago, when Mr. Darsey was the registrar.

Today Mr. Darsey still welcomes students to the school, but during those fifteen years he moved from the position of registrar to the top position of principal.

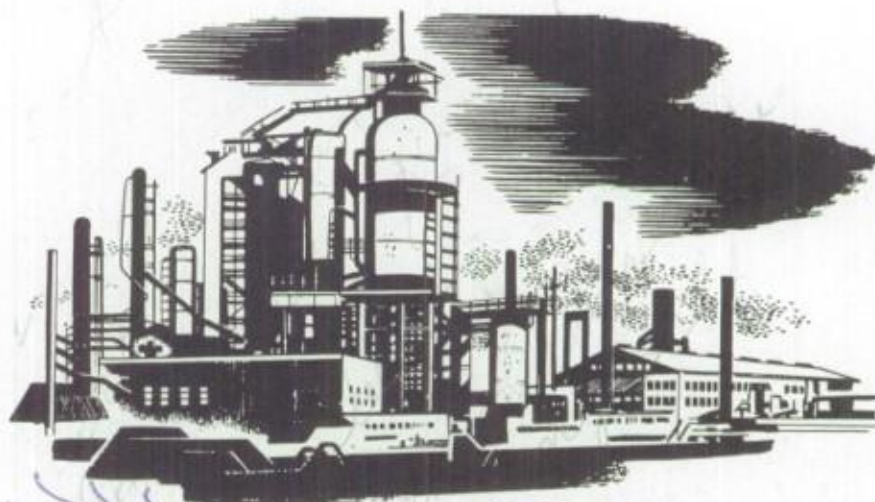

Born in Georgia, Mr. Darsey has devoted most of his life to education. Even before he began his career at South Mountain, he taught for five years at Petersburg High in Michigan, two years at East Detroit High School and three years at Eastland High, in Roseville, Mich. After he and his family moved to Arizona, he taught at Superior High School for one year.

For eight years he taught at Phoenix Union before coming to South Mountain in 1953. Under the leadership and guidance of this highly experienced man, South High has gained much respect in Arizona education.

His resignation brought an end to an era of progress in Phoenix.

Mr. Matt Hanhila, Mr. Darsey, and Mr. Ed Walsh all helped unpack when South High opened its doors 15 years ago.

Are high school seniors
ready for their own
checking account?

**FIRST
NATIONAL
BANK**

thinks so!

Today, high school seniors have developed a sense of responsibility that includes a desire to manage their own financial affairs.

To encourage this desire for sound money management First National suggests you inquire about an inexpensive Custom Checking Account at any office of the bank where you come first.

If you plan on attending college in Arizona, be sure to ask about First National's free college checks and checkbook covers.

We're pretty well equipped to do it. For here, at Arizona Public Service, is where we think you'll find opportunity knocking. We're looking for young people to fill our ranks. People with imagination and drive to meet the challenging demands of the future. People in all phases: engineering and imagineering, sales, data processing, business administration and electronic applications. But most of all we desire people with a strong sense of responsibility to the community in which they live.

We call them the bright people.

Welp Pammie,
here we are just
one more day, then
we're out of this hole forever.
Sometimes its kinda sad
to think back over all the
years. We had some fun
times together and I hope
we will in the future too.
I wish you all the luck in
the world and hope you will
find someone who will really
make you happy. Stay good
and sweet. Lots of love
Jickie

Dam
A Real "Geevy"
Girl. I had loads of
fun knowing you and being
Mod. DANCE with you. Good
Future and and stay
Be Good and Sweet.
Cindi's Luck

I am real
to a sweet + cute life
fire! I hope the she
things you all really
don't miss your sweet
smile next year! Good luck
Hinda Mary

I am here

I am
you're so lucky
to be getting out
this school! I
of you gonna help us
the Battle next year?
in the summer
see you in July
bye
Good luck
in all
you
do!

Love
Mary
